PAPER NAPKINS .- Paper napkins are in increasing demand. A Boston firm has sold some the Board adjourned. 250,000 of them since they were introduced. about a year ago. The place of manufacture of paper napkins is not divulged. They are said to be all imported from Japan, but a suspicion prevails that some of them are produced by inganious Yankee paper makers, who are well content to monopolize their manufacture for the present. The napkins are wholesaled from six to ter, dollars per thousand, and are retailed at one to one and a haif dollars per hundred. A party of two or three hundred can be supplied with them at less expense than would be requiwith them at ress exponse than would be requi-site to wash and iron asimilar number of napkins. By their use, also, the host or hostess is relieved of all fear of having the table linen stolen; and if an absent-minded guest does happen to put his napkin in his pocket after he had finished est ing, he need not suit at any more remorse than in he had pocketed an apple core or a nut shell.

COUNTY SCHOOL BOARD. - A meeting of this body was held at the room of the city board on Saturday afternoon last at 2 o'clcek; 1 tes-ent: - Messrs. Richard L. Carne, County Su perintendent and President ex officio, and John R. Johnston, John Slater and Alexander W. McKerichen, of Jefferson; George R. Adams, and Harvey Bariley, of Arlington, and George Ott Wudder and Henry W. Febrey, of Wash

ington, trustees.

The minutes of the last meeting having been read and approved, the chair stated that the meeting had been called to receive the report of the Committee on Text Books, whereupon, Mr. Adams, from that committee, reported the following resolution, which was unanimously

adopted, viz. : Resolved, The pecuniary condition of the patrons of the public free schools are such that this board considers it inadvisable to authorize a change of text books at the present time for

use in the schools of the county. Jefferson Tacey, esq., County Treasurer, who was present, then furnished to the chairman of each District Board a statement of the probable amount available for pay of teachers, &c., for the current year, for which, on motion of Mr. Adams, the thanks of the Board were tendered him; and, upon a careful examination of those estimates, it was decided by the trustees of Jefferson and Washington Districts to close their schools at once, so as not to incur any debt, those of Arlington District deciding to

close about the 21st instant. It was stated in this connection that the fol lowing levies for district school purposes would be asked at the May election, viz: In Jeffer-son, IS ets.; in Arlington, 34 ets.; in Washing-

top, 35 cents. A suggestion that general rules be made for the government of all the schools in the county did not meet the approval of all the trustees, and no se ion was taken on the subject.

The bill of Ernest L. Allen, clerk, for eight dollars and thirty five cents, for services and stationery, was ordered to be paid, and at 3.30

Will you be so kind as to make the leading address on the topic?

Respectfully submitted,

THE SESSION OF THE 2D CHURCH, Alexandria, Va.

Bishop Whittle's letter about prohibition the at night, Rev. Mr. Cave preached a very use of flowers, &c., in the Episcopal churches :

ALEXANDRIA, April 9, 1879. Finding, on examination of the minutes of the vestry of St. Paul's church, that the statement made in my former communication was inaccu rate, so far as the use of the word "adopted" with reference to the Bishop's letter, I desire to say, now, that the vestry expressly declined to 'determine any question of church law connected with that letter," and merely resolved, for reasons deemed sufficient, to comply with the Bishop's wishes regarding the use of flowers, colored cloths, &c. Very truly your friend,

A. McLean.

SERIOUS ACCIDENT. - Mr. George E. Markell, while engaged in working a hand press, in the printing office of Hill & Co., this morniog, met with quite a serious accident. The lever of the press, which he was pulling toward him, parted, flew out of his hand, and struck him just above the right eye, inflicting a very ugly wound. He was carried into the drug store of Janney & Co., where Dr. Bedford Brown rendered the necessary surgical assis-

POLICE REPORT .- Things at police headquarters have been quiet.

John Semmes, for drunkenness and disord erly conduct was arrested, a pistol taken from him, and he was ordered to quit the city.

A party of young men for disorderly conduct on the streets on Satuday night were discharged

FL. STIVAL .- The ladies of Grace Church will give a sumper and festival at Saropta Hall on Wednesday and Thursday nights next and request contributions to be sent to the hall on Wednesday. They will have all the delicacies of the season prepared of the nicest manner and promise all who attend a pleasant evening.

Postponen.-Owing to the failure of the Pinafore Company to reach here the two per formances announced for to night and 'o morrow night have been indefinitely postponed. The manager of the company must bear the blame as the lessees of the hall were prepared

to secommodate the company as announced. Personal .-- Attorney General Field was in this city yesterday on a short visit to his friends. He left last night for Washington to attend the session of the Supreme Court to day, when the Rives' matter will come up. He was met at the Midlatd depot by Judge Robertson, who is to be his associate counsel in the case.

THE RIVER .- Affairs along the river are quiet, and but few vessels are arriving or departing. The receipts of ceal via the canal era good, and large quantities are accumulating on the wharves. There is a great scarcity of vessels, though the freights from this port are much higher than from either Baltimore or

Philadelphia. FISH RECEIPTS .- The arrivals of fish at Fishtown have been light since last report, but if the weather continues favorable the dealers lock for greatly increased receipts. Since Saturday there have been sales of about 1,000 shad at \$74\$S; 30,000 herring at \$164\$18, and small quantities of burch rock and perch at 25135.

SINCE many Alexandrians and Virginians generally will spend their money in Washington and positively pay more for garments than the like on be procured here, I will pay to any person buying from me, his expenses to Washington, for examination, to his entire satisfaction, and if my Clothing, either in ordinary or ane, according to quality and manufacture, are not the observest I will refund the money.

The democrats, as stated by Mr. Withers, had wisely determined to telimin from speeches on the bill yet awhile, at least, and so drew the radicals fire, as the latter had to her to speak or vote. Mr. Blaine ranted and howled in his customary manner, laying great stress upon the immaterialism of the subject under discussion, the clause prohititing the presence of U S. troops at election polls, as there were only a few more than two thousand soldiers east of democrats were fighting to remove a statute that had no practical bearing, the radicals had made an extra session of Congress necessary by their attempts to retain it. He also devoted some time to a denucciation of the democrats for making the appropriation for the conduct of the government dependent upon the adoption of other sections of the appropriation bill, immost the invariable custom and that if any party is to blame for it, it is the one to which he belongs. At half past two e'cleck he was still haranguing away with all the crowd, and all the radical members of the Senate, except Mr. An-thony, who followed Mr. Conkling's example on a previous occasion, and wrote, paying him undivided attention.
Previous to the commencement of his specel

Mr. Carpenter introduced a resolution providing for the avoidance in the future of cases similar to that of Mr. Bell, recently decided.

A large attendance was present in the House also to day, attracted by a desire to see whether the greenbackers would be able to resp fruitsfrom their apparent victories last week. As soon as the journal was read and the calling of the States for Monday's business began, the Speaker recognized Mr. Ladd, greenbacker of Maine, who introduced a bill equalizing in every respect the value of gold and silver coin. Mr. Conger immediately raised a point of order, which was overruled by the chair. Mr. Conger then ap pealed from the decision of the chair and the chair was sustained by a vote of 139 to 75.
Mr. Monroe, of Obio, then introduced a resoing hour and thus deprive the greenbackers of the only chance they will have this week for the introduction of their bills, commerced to demand votes by division, and by tellers. Mr. Springer said that as the intention of the radicals was apparent he would save time by demanding the ayes and noce at once. This was agreed to and at half past two the vote was being taken by that method.

The greenbackers were very much discusted at their defeat to day, and though they were supported by the mejority of the democrats the democratic party did not escape some of the denunciation they cast upon the radicals.
